

Breast Infiltrating Ductal TMA

Catalogue Number: ARY-HH0078

Lot Number: 002

Availability: By Order

Description: 21 cases of infiltrating carcinoma of breast and 3 cases of normal breast, in triplicate

Species: Human

Fixative: Formalin

Total Cores: 72

Layout: 9 x 8

Core Size: 1.5 mm

Section Thickness: 5 microns

Validation: Validated for Immunohistochemistry
